## ABOUT

---

A dedicated engineering graduate skilled in Java, Spring Boot, SQL, and full-stack development. I am eager to apply my knowledge in an entry-level Software Developer role and contribute to real-world projects while improving my technical abilities.

## EDUCATION

---

- **B.E. Electronics & Telecommunication Engineering** Dec 2021 – June 2025  
North Maharashtra University, Jalgaon  
**CGPA: 8.24**
- **HSC** June 2020 – Mar 2021  
R. V. Junior College, Chalisgaon  
**Percentage: 84.67%**
- **SSC** June 2018 – Mar 2019  
Dr. K. P. M. Vidyalaya, Chalisgaon  
**Percentage: 80.00%**

## TECHNICAL SKILLS

---

**Programming Languages:** Java, JavaScript (ES6+), SQL

**Web-Technologies:** HTML5, CSS3

**Backend:** JDBC API, RESTful API, Hibernate (ORM), Spring Data JPA, Spring Boot, Spring MVC

**Database:** MySQL

**Tools:** Git, GitHub, Eclipse, IntelliJ IDEA, Postman, MySQL Workbench.

**Testing & Concepts:** API Testing

**AI & Automation:** Prompt Engineering, Google Gemini, Claude

## PROJECT

---

### Vehicle Booking Platform

**Technologies:** Java, Spring Boot, MySQL, RESTful APIs

- Developed a full-stack vehicle booking application to allow users to search and book vehicles.
- Built RESTful APIs for user, vehicle, and booking modules using Spring Boot.
- Designed relational database schema and managed data using MySQL and JPA entities.
- Implemented exception handling and modular service architecture.

### Bank Management System

**Technologies:** Java, JDBC API, MySQL

- Developed a desktop application for banking operations like deposit, withdrawals, fund transfers, and transaction tracking.
- Implemented exception handling.

## TRAINING AND COURSE

---

### Java Full Stack Developer

July 2025 – Dec 2025

**Vibrant Minds Technologies, Pune**

- Successfully completed an industry-oriented internship with hands-on exposure to frontend, backend, and database technologies.
- Worked with HTML5, CSS3, JavaScript (ES6+), React.js, Java (Spring Boot), and MySQL.

### Core Java Training

Jan 2025 – Feb 2025

**FUEL, Pune**

- Completed Core Java programming language with certification.
- Gained hands-on experience in OOP concepts.

## CERTIFICATION

---

- Full Stack Development Course (Vibrant Minds Technologies, Pune)
- SQL Programming Certification (LinkedIn Learning)
