ABOUT

A dedicated engineering graduate skilled in Java, Spring Boot, SQL, and full-stack development. I am eager to apply my knowledge in an entry-level Software Developer role and contribute to real-world projects while improving my technical abilities.

EDUCATION

- **B.E. Electronics & Telecommunication Engineering** Dec 2021 – June 2025
North Maharashtra University, Jalgaon
CGPA: 8.24
- **HSC** June 2020 – Mar 2021
R. V. Junior College, Chalisgaon
Percentage: 84.67%
- **SSC** June 2018 – Mar 2019
Dr. K. P. M. Vidyalaya, Chalisgaon
Percentage: 80.00%

TECHNICAL SKILLS

Programming Languages: Java, JavaScript (ES6+), SQL

Web Technologies: HTML5, CSS3

Backend: JDBC API, RESTful API, Hibernate (ORM), Spring Data JPA, Spring Boot, Spring MVC

Database: MySQL

Tools: Git, GitHub, Eclipse, IntelliJ IDEA, Postman, MySQL Workbench.

Testing & Concepts: API Testing

AI & Automation: Prompt Engineering, Google Gemini, Claude

PROJECT

Vehicle Booking Platform

Technologies: Java, Spring Boot, MySQL, RESTful APIs

- Developed a full-stack vehicle booking application to allow users to search and book vehicles.
- Built RESTful APIs for user, vehicle, and booking modules using Spring Boot.
- Designed relational database schema and managed data using MySQL and JPA entities.
- Implemented exception handling and modular service architecture.

Notes Management System

Technologies: Spring Boot, RESTful APIs, JWT, MySQL

- Developed a full stack application with basic authentication using Spring Security and JWT for securing RESTful APIs.
- Designed RESTful APIs.

TRAINING AND COURSE

Java Full Stack Developer

July 2025 – Dec 2025

Vibrant Minds Technologies, Pune

- Successfully completed an industry-oriented internship with hands-on exposure to frontend, backend, and database technologies.
- Worked with HTML5, CSS3, JavaScript (ES6+), React.js, Java (Spring Boot), and MySQL.

Core Java Training

Jan 2025 – Feb 2025

FUEL, Pune

- Completed Core Java programming language with certification.
- Gained hands-on experience in OOP concepts.

CERTIFICATION

- Full Stack Development Course
- SQL Programming Certification
